OUR STORY

Having realised that the work ethic and integrity of most roofing companies are dubious at best, we decided that we wanted to deliver a much better quality roof to the customer.

We had no option but to strike out on our own in order to produce the best roof we could.

And that's how ROOFDADDY came about.

OUR ROOFS

We've always believed in doing the best roof possible. It's our goal for all our roofs to be installed with the highest standards of quality, using only the best materials. Our volume of work ensures that we get the best pricing from our suppliers which means our customers enjoy a quality roof at an exceptional price.

OUR CUSTOMERS

We serve customers from Pietermaritzburg right through to the Midlands. Our offices are conveniently located in Howick.

OUR SERVICES

Apart from roofing, our services have evolved, due to customer demand, to include ceilings, waterproofing, flooring, tiling and a host of other disciplines.

OUR PHILOSOPHY

CLIENT
FOCUSED

Our team combines years of skill and experience to give you the best roof possible. We're dedicated to your satisfaction as our customer and are committed to doing our best work on every project we undertake. To do so, we hire the most trusted professionals, use high-quality materials and treat our clients with respect.

OUR GUARANTEE

We are a Preferred Contractor for the majority of roofing suppliers, which means the manufacturer backs our roof replacements with their warranty coverage. And added to that, we give you 2-year workmanship guarantee.

That's an outstanding level of protection for your roofing investment!

**YOU'RE
COVERED**

OUR SERVICES

We obviously do roofing, but over time our service offering has evolved, due to customer demand, to include ceilings, tiling, waterproofing and flooring.

Talk to us to see what we can help with. We can pretty much provide any service you may need in and around your house. And if we don't do it, we probably know someone that will do almost as good a job as we would.

OUR WORK

Here is a small sample of some of our recent work.

At the top is a complete roof replacement in 0.5mm color-plus wide-deck sheets with cadmium plated screws and bonded washers.

The middle picture was a 2nd story balcony that we turned into an office with cladding and sheeting to fit in with the rustic staircase.

Lastly we have a gate and fence that we cladded due to the inferior sheets that were used before as well as damage that occurred.

OUR REFERENCES

Don't Just Take Our Word For it....

**Our
Customers**
say it best.

Let us take you to see the work we've done and speak face to face to our customers. If they don't convince you to deal with us, we've failed.
